

August 3, 2011

Dear Desert Academy Parents,

I am looking forward to providing the school lunch program for the upcoming 2011-12 school year. As I am passionate about good food for my catering customers, I am equally passionate about providing good nutritious meals to your kids. I am looking at ways to breathe new life into the program based on input from you and the students.

In an attempt to provide food for more kids, in a climate of higher costs of daily living for everyone, we are implementing a new PART-TIME (3-day) program which will provide three meals a week on pre-determined days in addition to our FULL-TIME (5-day) program. Both of these programs are being offered at a new reduced per meal price of \$7.00 (plus NM GRT). In order to offer this new pricing structure we need a strong showing of support by your enrollment. To make these programs feasible we are hoping a minimum of 40 students total will be enrolled per semester in either lunch program.

Please fill out the enrollment form and make sure to note the favorite foods section. We will be producing a weekly menu for students to know what's coming up however this may change due to availability of food.

You may begin enrolling now by mailing us the attached enrollment form with a check or credit card information. For those enrolling in the Full Time program, we are now offering two payment installments via credit card only. **Please note that enrollment in the PT program must be paid in full by September 6th. FT program 1st Installment is also due September 6th, and the 2nd installment will be auto processed on November 7th.**

Please feel free to contact my office with any questions or suggestions for the coming year.

I look forward to hearing from you.

All the best,

Marja
